Tenant Voice Panel

My name is Amy Kirk.

I set up the Tenant Voice Panel to give a voice to our tenants.

What you tell us means we can make sure our work meets your needs.

This is a good thing for our community

Meeting with the panel is one of the most rewarding parts of my role

Rent and payments

We have the lowest rent owed to us in 5 years!

Our income and finance teams work with

- Tenants
- Housing officers
- Housing Benefit departments

This helps to fix any problems with payments quickly.

We know delays can happen because of benefit payments.

We check your account often and act quickly if there's a problem.

If you start to owe rent, then we will look to find the best way forward to help you.

More about rent and payments

We will try to offer different ways to pay your rent like

- ✓ having flexible plans to pay rent
- ✓ getting help from family or someone else
- ✓ having meetings to agree next steps before a tenancy ends

We talk to tenants early to stop debt from happening. If someone leaves owing rent, we will still be fair.

If you are worried about paying your rent, please get in touch with us by

In 2024, we built **9 new apartments in Harrogate, North Yorkshire.**

In 2025 – 2026 we are building a **new property in Macclesfield.**

There will be **10 bedrooms.**

The building will be close to shops and other facilities.

How we run Hilldale

Our Board is in charge of making sure we follow

- ✓ rules
- ✓ have good practice
- ✓ have good ways to do our work.

There are 6 people on the Board. Everyone has special skills in housing and money.

Our Board meet once **every 2 months** to make sure our work is being done well.

Equality, diversity and inclusion

Equality, diversity and inclusion means treating everyone in a good and fair way.

We call this EDI for short.

We want

- ✓ to make the lives of our tenants as good as we can

- ✓ tenants and staff to live and work in a welcoming, respectful and understanding place

We promise to listen and what ever person needs.

We will collect the right information from you, so we can give you the best homes and services.

How we spend money

In 2024-2025 we made **£149k** extra money.

We used this money to run our homes and look after our tenants.

We will spend the money you pay for rent in the right way.

We make sure you get value for money.

This means we can put your rent money back into making homes and services better.

Our future

We are launching a new business plan in 2026.

This plan follow on from the work we are already doing.

Later in 2025 we will ask you what you think.

We want to keep giving good quality homes for people who need extra support.

We will

- ✓ build more homes
- ✓ look after the homes and services we already have
- ✓ review our services with the **Tenant Voice Panel** and **Customer Committee**
